

Working together to improve water, nutrient and habitat management in three Pembrokeshire rivers

We are looking for farmers to volunteer to participate

If you farm in one of these river catchments we would like to hear from you

Get involved to:

- ✓ Benefit economically
- ✓ Be ready for change
- ✓ See cleaner water
- ✓ Create investment opportunities

You will get:

- ✓ A free ADAS visit
- ✓ A free farm resilience plan
- ✓ Nutrient soil mapping, precision farming and wetland construction if applicable

To find out more, please contact:

Emma Taylor, BRICs Project Officer

 [emmat@planed.org.uk](mailto:emmat@planed.org.uk)

 01834 860 965

We will get:

Anonymised research data which we will use to develop a nutrient-based trading mechanism which could pay farmers for delivering environmental benefits

BRICs is funded through the Sustainable Management Scheme which is part of the Welsh Government Rural Communities–Rural Development Programme 2014-20

# Gweithio ynghyd i wella rheolaeth dŵr, maeth a chynefin mewn tair afon yn Sir Benfro

## dym yn chwilio am ffermwyr i wirfoddoli i gymryd rhan

Os ydych chi'n ffermwr yn nalgylch un o'r afonydd hyn hoffem i chi gysylltu â ni

### Cymerwch ran er mwyn:

- ✓ Elwa yn economaidd
- ✓ Bod yn barod am newid
- ✓ Gweld dŵr mwy glân
- ✓ Creu cyfleoedd er mwyn buddsoddi

### Byddwch yn cael:

- ✓ Ymweliad ADAS am ddim
- ✓ Cynllun gwytnwch fferm am ddim
- ✓ Pridd Maethol, mapio pridd, ffermio manwl ac adeiladu ar wlybtir os yn briodol

### I ddarganfod mwy, cysylltwch â:

Emma Taylor, BRICs Swyddog Prosiect

 [emmat@planed.org.uk](mailto:emmat@planed.org.uk)

 01834 860 965

### Byddwn yn derbyn:

Data ymchwil dienw a ddefnyddir i ddatblygu dull masnachol ar sail maeth a allai dalu ffermwyr am ddarparu buddion amgylcheddol

Ariennir BRICs drwy'r Cynllun Rheoli Cynaliadwy sydd yn rhan o Gymunedau Gwledig Llywodraeth Cymru – Rhaglen Datblygu Gwledig 2014 -20
